An Appreciative Reader in the Land Of Flowers.

FORT BARRANCAS, Fla., April 16. I have just received the I. J. and read it with great pleasure and feel as if I should write a piece for it. Florida is one of the most beautiful States in the South. I am a private in the 7th company, Post Artillery, and have been reading the I. J. for almost a year and expect to have it renewed as soon as it expires. Fort Barrancas is our main post and is nine miles west of Pensacola, Fla. Along the beautiful Gulf of Mexico, with two sub-posts, Fort Pickens and Fort McRee, there remain the old forts of the Civil War, and they are also made modern and armed with the latest model disappearing guns of six, eight, 10 and 12-inch caliber. There are five companies of coast artillery at this post and model quarters are being built for them, so I think in a year or so this will be one of the most up-to-date military posts in the South.

Next week will be our annual target practice and it is a great sight to witness those big 12-inch guns firing at a distance of eight or nine miles at a moving target only six or eight feet square and making an average of eight hits out of 10 shots. The 12-inch guns will use 270 pounds of smokeless powder and a projectile that weighs 1,000 pounds. Well, I suppose I have written about enough for the first time, so I will close.

Very truly,

F. M. CRUTCHFIELD.

Rheumatism Makes Life Mis- erable.

A happy home is the most vulnerable possession that is within the reach of mankind, but you cannot enjoy its comforts if you are suffering from rheumatism. You throw aside business cares when you enter your home and you can be relieved from those rheumatic pains also by applying Chamberlain's Palm Balm. One application will give you relief and its continued use for a short time will bring about a permanent cure. For those who are suffering from rheumatism, see him and you will be relieved to him.

E. C. WALTON.

JUDGE JOHN W. HUGHES,
of Mercer county, is a candidate to represent the Eighth Congressional district of Kentucky in Congress, to succeed Hon. G. O. Gilbert, subject to the action of the Democratic party.

A CORRESPONDENT of the Cincinnati Enquirer says that the republicans are in a strait to find an issue for the next campaign. They first thought of working the "rotation in office racket," but found that not over three, possibly two of the present officers would be candidates. The extravagance of the administration of affairs won't work because the State debt is paid and the surplus is going toward building a new capitol. The cry of conviction of innocent parties for the assassination of Goebel won't do for Gov. Beckham was elected twice when it was almost the sole issue. They have decided to charge that the democrats passed redistricting bills that are unconstitutional to further increase their hold, but they won't make anything out of that as the democrats will plead guilty and say they are only after what is coming to them. On the whole the republicans are in a bad way. The clean record of the democratic administration and the excellent management of the State's affairs leave them nothing upon which to hang a hope. They will therefore save time and money by getting out of the way of the juggernaut and leave the democrats to continue to conduct the affairs of the State in the creditable manner they are doing.

EARTHQUAKE shocks followed by fire at San Francisco Wednesday caused one of the greatest disasters in the history of the United States. The loss of life is estimated anywhere from 200 to 1,000, and probably 1,000 people have sustained injuries. Thousands of people were left homeless and many of them are in the parks and public squares. The water supply being cut off by the earthquake shocks left the fire department helpless and the loss by fire is too great to even give an estimate of. There has been heavy loss of life in the outlying districts. Santa Rosa is reported to have been partly destroyed and heavy damage has been done to the buildings of the Leland Stanford University at Palo Alto. The property loss will exceed \$200,000,000.

SAN FRANCISCO is still burning and hope of saving the city has been almost abandoned. The lowest estimate of the loss of life is 500 and the fire loss grows greater each minute. Over 200,000 people are homeless. Every business house in the downtown district is in ruins and the government has taken steps to relieve the distress. John D. Rockefeller has sent \$100,000 to the homeless and destitute.

THROUGH carelessness or ignorance more than \$56,000 were found in 1,000,000 dead letters that have been disposed of in the last year, under the direction of the Fourth Assistant Postmaster. Besides money, there were many valuables. A good deal of the money was restored to the careless senders.

SENATOR PLATT says he will not again offer for the place he holds and Senator Depew has put himself out of the running. Politics will, therefore, be pretty lively in New York for some time to come.

POLITICAL.

The House passed 11 general bills and 572 private pension measures Tuesday.

The New York Assembly passed unanimously the bill requiring publicity of campaign contributions and expenditures.

Gov. Beckham has appointed Henry R. Lawrence, of Trigg county, adjutant general of the State, to succeed Gen. Percy Haley.

The democratic Senators held a caucus lasting practically all day on the Railroad Rate bill in Washington, but finally adjourned without reaching any agreement or taking any action.

Democratic members in the House of Representatives, who favor the quarantine measure, are encouraged by the bill agreed upon by the Senate Quarantine Committee and are hopeful that the law may be enacted before adjournment.

President Roosevelt, in his message to Congress, refers to the case of the beef packers as a miscarriage of justice and urges Congress to enact new legislation. He severely scores the decision given by Judge Humphrey, but places no blame on Garfield.

President Roosevelt has decided to appoint Charles B. Aycock, former governor of North Carolina, and Van Leer Polk, of Tennessee, members of the delegation from the United States to the Pan-American Congress, which is to meet in July at Rio Janeiro.

In the circuit court at Frankfort Judge Stout sustained a demurrer to the petition in the injunction sued out by Capt. Cochran, of Maysville, against Gov. Beckham to compel him to certify claims of the Taylor militia on duty at the State House during the Taylor-Goebel contest.

The church statistics show that if American church members gave each one postage stamp weekly to missions the amount would be \$10,000,000 a year; a car fare weekly would be \$50,000,000; a dish of ice cream, \$100,000,000. The present amount given annually is \$7,000,000.

Nervous School Children.

Statistics gathered by various School Boards, show that a large percentage of school children suffer from different forms of nervousness, mild or exaggerated. Some showed a tendency to melancholy, others mental depression, and many the nervous twitches of mild chorea, or St. Vitus' dance. Most of these troubles can be overcome by proper food, sufficient sleep, and Dr. Caldwell's (laxative) Syrup Pepsin. It is a universal children's medicine, because, if good food is eaten, it insures that the food is properly digested and indigestion and nerve poisons properly thrown out. It is pleasant to take, and safe and sure in results. Try it. Sold by Penny's Drug Store, Stanford; C. W. Adams, Hustonville, at 50c and \$1. Money back if it fails.

Mrs. J. Wade Walker gathered from 195 hens for the week ending April 14, 503 eggs, a daily average of 129. The highest number for one day was 154. She sold during the week 65 dozen for \$7.80.—Lancaster Record.

"Th' Bazoo was late in gettin' out this week, wasn't it?"

The fine stallion, Clay King, owned by W. B. Burton, one of the best known fine horses in Central Kentucky, died Tuesday.—Lancaster Record.

GALTON, 12910.

Sired by Giambetta Wilkes 2:19 1/2, with 191 records from 2:05 to 2:30, claimed to be the greatest sire in the world.

1st dam Daisy Field (grandam of 3 with records from 2:12 1/2 to 2:17) by Emilie 2:29, sire of 6 in 2:30 and dams of 60 in 2:30 or better. 2nd dam Quickstep, by Kentucky Prince, Jr., sire of J. Q. 2:17 1/2, Lemonade 2:27 1/2 and the dams of 15 in the 2:30 list 3rd dam by Old Joe, sire of the dam of J. Q. 2:17 1/2.

Galton carries the blood of four leading families: Hambletonian, Wilkes, Mambrino Chief and Seelye's American Stud.

Galton is a dandy, 15 1/2 hands, breed is fine, active and speed. Only 6 of his colts have been handled for speed a short time; one took a mark of 2:29 in the other five worked trials from 2:15 to 2:30. His colts have gone against and defeated the best in the harness, classes, and roadster rings, one of his colts having won a \$75 premium at the Hustonville fair over the best.

Comment is unnecessary, as he is so well known, having made all of his seasons at my place, 12 in all.

Sired by Zilcadie Goddard 4:00, by Gold-

dust 150, and he by Vernon Morgan.

(Dorsey Goddard's grandam on sire's side was by the Imp. Arabian Stallion Zilcadie.) The best family of road horses ever known. Dorsey Goddard is a dark dapple bay, full 16 hands and weighs 1,200 pounds; a proven and uniform breeder of high-class road and Eastern horses, combining all the qualities for saddle and harness and are in demand at top prices. Both the champion saddle and combined gelding of the American Horse Shows of 1904-5. Jack O'Diamonds stands to his credit. Ten of his colts sold recently for \$10,250 and \$1,500 was refused for a walk-trot mare by him. His services are offered for less than any horse of his producing qualities in Kentucky. On account of the great demand for mules it is estimated that a half-million of them will be raised in the State this season.

Broomhandle won the Montgomery Handicap run at Memphis, beating such good ones as Dr. Gardner, Lady Navarre and Hyperion II.

G. A. Denham sold to W. L. McCarty a yearling stallion by Dr. Mason, he by Gambetta Wilkes, for a fancy price and bought of him a filly colt by Dock Gray for \$75.

At first blush it seems rather a ridiculous thing for the government to go into the business of importing sacred cattle for breeding purposes, but if the claims are true it is a very proper proceeding. It is said that the reason these cattle are desired by cattlemen is that they are immune from pleuro-pneumonia, which has caused such heavy losses through infection by cattle ticks. Experiments have been carried on for years to demonstrate this fact. The introduction of one-eighth of sacred blood in the ordinary American cattle is said to be enough to obtain immunity. Secretary Wilson agreed to afford facilities for the importation of Indian cattle, but on condition that a government veterinarian should examine every beast before it is bought, and give his approval to the purchase. The expenses of the veterinarian are paid by the cattlemen.

Miserable Conditions.

Of body and mind, always result from a torpid liver, which leads to bile poisons being absorbed into the blood, and poisoning all the nerves and tissues. This dreadful state, some of the symptoms of which are headache, bitter taste, nausea, lack of appetite, yellow complexion, constipation, etc., can be quickly cured by taking Dr. Caldwell's (laxative) Syrup Pepsin. It relieves the strain on your liver, relaxes the tightened bowels, purifies the blood, strengthens the stomach, and makes it as clean as a whistle. The result is perfect health, and freedom from pain and discomfort. Try it. Sold by Penny's Drug Store, Stanford; C. W. Adams, Hustonville, at 50c and \$1. Money back if it fails.

The Sultan of Turkey has a great collection of canaries. He chooses them by the length of time they sing without stopping. Recently he paid a very high price for an English canary, which sang without a stop for 20 minutes by the Sultan's watch.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which specially developed into the worst kind of grippe with all its miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, taking the same with a double dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grippe." Sold by Dr. W. N. Craig, the popular druggist, Stanford.

Dusty—Once a man gave me a whole handful of money an' told me I could do whatever I wanted to with it. Weary—My! What did you do? Dusty—Woke up.

Great Activity

is shown without any disagreeable after-effects, by Dr. Caldwell's (laxative) Syrup Pepsin. In going to the seat of your trouble, when you are a victim of Constipation, Biliousness, Headache, Indigestion, Dizziness, etc., it gently but firmly drives out the poisons that are causing your illness and braces up all your internal organs to do their proper work. Try it. Sold by Penny's Drug Store, Stanford; C. W. Adams, Hustonville, at 50c and \$1. Money back if it fails.
